Disney's "Artemis Fowl," based on the beloved book by Eoin Colfer, is a fantastical, spellbinding adventure that follows the journey of 12-year-old genius Artemis Fowl, a descendant of a long line of criminal masterminds, as he desperately tries to save his father who has been kidnapped. In order to pay his ransom, Artemis must infiltrate an ancient, underground civilization—the amazingly advanced world of fairies—and bring the kidnapper the Aculos, the fairies' most powerful and coveted magical device. To locate the elusive object, cunning Artemis concocts a dangerous plan—so dangerous that he ultimately finds himself in a perilous war of wits with the all-powerful fairies.
