To the Black diaspora across every continent – thank you.

For creating, upholding, and driving culture against insurmountable odds. You inspire the world.

Thank you, Jon Favreau and Hans Zimmer, for your incredible work on The Lion King (2019).

Honoring all who have been part of this journey, and those we have lost along the way.

Thank you to my family and friends for your unwavering support.

Thank you, Bob Iger and everyone at The Walt Disney Company, for your appreciation of the vision.

To the Black diaspora across every continent – thank you.

For creating, upholding, and driving culture against insurmountable odds. You inspire the world.
