

“Disney Gallery: The Mandalorian” is an eight-episode documentary series that pulls back the curtain on The Mandalorian. Each chapter explores a different facet of the first live-action *Star Wars* television show through interviews, behind the scenes footage, and roundtable conversations hosted by Jon Favreau.

Topics this season include the filmmaking process, the legacy of George Lucas’ *Star Wars*, how the cast brought the characters to life, the series’ groundbreaking technology, the artistry behind the show’s practical models, effects, and creatures, plus the creative influences, the iconic score, and connections to *Star Wars* characters and props from across the galaxy.
