DIRECTIONS

STEP ONE

Make pancakes according to box: cook up one large, and one medium-sized pancake.

STEP TWO

Place the large pancake in the center of a plate. This will be BB-8's body.

STEP THREE

On a cutting board cut the medium pancake almost in half, but with one side slightly larger than the other. Take the larger half and trim the corners. This will be BB-8's head. Place above the large pancake.

STEP FOUR

Sprinkle the pancakes with powdered sugar.

STEP FIVE

Cut an orange into round slices. Take one slice and cut a crescent off of it. Place the whole orange slice on the top left part of the large pancake. Place the other slice on the bottom right.

STEP SIX

Place two blueberries on the medium pancake as BB-8's eyes.
