

Stepbrothers Phineas and Ferb, their older sister Candace, Perry the Platypus and the Danville gang are back together again in "Phineas and Ferb The Movie: Candace Against the Universe," an out-of-this-world animated adventure from Disney Television Animation. Executive-produced by Dan Povenmire and Jeff "Swampy" Marsh (creators and executive producers of the long-running Emmy Award-winning series "Phineas and Ferb"), the movie centers on Phineas and Ferb as they set out across the galaxy to rescue Candace, who after being abducted by aliens, finds utopia in a far-off planet, free of pesky little brothers.
