

The Disney+ logo is centered in the upper half of the image. It features the word "Disney" in its signature script font, followed by a plus sign. A blue arc is positioned above the plus sign. The background is a dark blue gradient with a network of dashed white lines connecting various circular icons. These icons represent different Disney destinations: Kumandra (a flower-like symbol), New York (a piano keyboard and musical notes), Portorosso (a castle), Monstropolis (a large eye), Santa Cecilia (two guitars), New Mushroomton (a mushroom house), and The Great Barrier Reef (coral and fish). A small airplane icon is also visible on the right side, flying along one of the dashed lines.
