

Jasmine

CRAFT A RAJAH CUB

Have you ever wanted a pet tiger of your own?
Create your own Rajah friend out of paper plates.

Supplies

- 10" Paper Plate
- Glue
- Orange Paint
- Black Marker or Paint
- Scissors

Directions

1. Grab your orange paint and cover the entire front (or back) of your 10" paper plate. This will be your tiger's face! Let it dry.

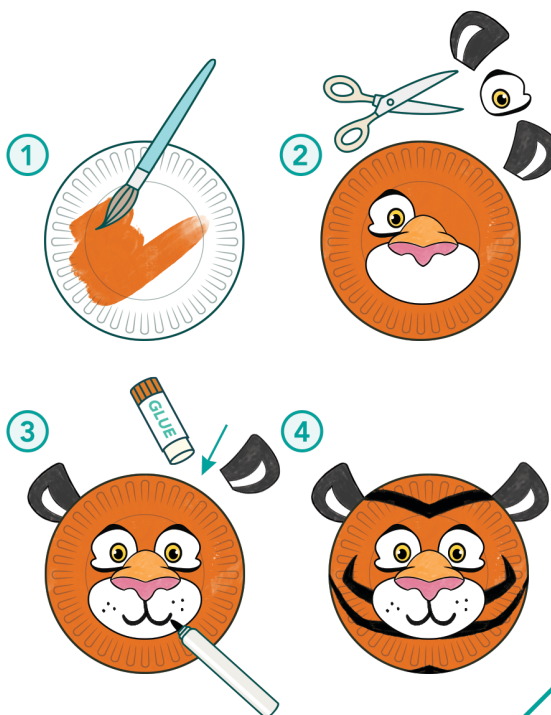

2. Use the template on the next page to cut out the eyes, nose, and snout. Color them in, then glue each piece onto your plate to create your tiger's face!

3. Glue the ear pieces to the back of the plate to give your tiger ears. Then use a marker to draw a mouth and finish the face.

4. Every tiger has its own special stripes. Use a black marker to add bold stripes and make your tiger truly one of a kind!

**PRINTABLE RAJAH FACE TEMPLATE AVAILABLE
ON THE NEXT PAGE!**

Jasmine CRAFT A RAJAH CUB

Cut along the black outline to build your tiger friend's face!
