

Moana

TAMING TE KĀ

Practice dodging Te Kā's lava just like Moana! Grab some pillows, blankets, and other stepping stones and plan your route to return the Heart of Te Fiti!

Directions

Step 1: Gather pillows, blankets, and other soft items safe for kids to stand on.

Step 2: Create a path with these objects from Point A to Point B.

Step 3: Challenge kids to cross without touching the floor (the "lava").

Step 4: After reaching Point B, rearrange items for the return journey!

Need an extra challenge? Try removing one stepping item after each successful crossing. How few items can you use to complete the course?
