PRINCESS PINK POPCORN

As far as the good fairy Flora is concerned, everything looks pretty in pink. Why not add a dash of pink to your popcorn, too?

Directions

1. Put the popped popcorn in a large mixing bowl, removing any unpopped kernels.
2. Ask an adult to help you at the hob. Melt the butter in a medium-size saucepan over medium-low heat. Add the marshmallows and stir continually until they melt and turn into a smooth sauce. Stir in the strawberry gelatin powder. Use a plastic spoon for this step. (The pink gelatin can stain a wooden spoon.)
3. Immediately pour the pink marshmallow sauce over the popcorn, and gently stir to evenly cover the kernels.
4. Let the popcorn cool for a few minutes before serving.

• Serves 3 to 4 •

Ingredients

1 bag of popped microwave popcorn
(about 6 cups)

2½ tbsp butter

18 large marshmallows

3 tbsp
strawberry-flavoured
gelatin powder

Tip

Melted marshmallow is hot, so be sure to use a long-handled spoon to stir it.
