

A comeback 30 years in the making, "Chip 'n Dale: Rescue Rangers" catches up with the former Disney Afternoon television stars in modern-day Los Angeles. A hybrid live-action/CG animated action-comedy, "Chip 'n Dale: Rescue Rangers" premieres May 20, 2022, exclusively on Disney+.

The film stars John Mulaney ("Saturday Night Live") as Chip, Andy Samberg ("Palm Springs") as Dale and KiKi Layne ("If Beale Street Could Talk"), Will Arnett ("Arrested Development"), Eric Bana ("Dirty John"), Flula Borg ("Pitch Perfect 2"), Dennis Haysbert ("24"), Keegan-Michael Key ("Schmigadoon!"), Tress MacNeille ("The Simpsons"), Tim Robinson ("I Think You Should Leave"), Seth Rogen ("Pam and Tommy"), J.K. Simmons ("Being the Ricardos"). The film is directed by Akiva Schaffer ("Saturday Night Live"), written by Dan Gregor and Doug Mand ("Crazy Ex-Girlfriend") and is produced by Todd Lieberman ("Wonder") and David Hoberman ("Beauty and the Beast"), with Alexander Young ("Extinction") and Tom Peitzman serving as executive producers.

Chip and Dale are living amongst cartoons and humans in modern-day Los Angeles, but their lives are quite different now. It has been decades since their successful television series was cancelled, and Chip (voice of Mulaney) has succumbed to a life of suburban domesticity as an insurance salesman. Dale (voice of Sandberg), meanwhile, has had CGI surgery and works the nostalgia convention circuit, desperate to relive his glory days. When a former cast mate mysteriously disappears, Chip and Dale must repair their broken friendship and take on their Rescue Rangers detective personas once again to save their friend's life.

A Disney+ Original, "Chip 'n Dale: Rescue Rangers" premieres May 20, 2022, exclusively on Disney+.
