Elizabeth Mitchell "Mrs. Claus/Carol"

As an Emmy-nominee for her starring role on ABC's "Lost," Elizabeth Mitchell's ascent is anything but off-course. Her role as Juliet proved to be considerable intrigue to viewers during the series. In addition to her role as lead antagonist on Seasons 2 & 3 of the Netflix original series "Outer Banks," she's joined another Netflix series "First Kill," has been recurring on "FBI: International" and reprises her role as Mrs. Claus to Tim Allen in Disney+'s "The Santa Clauses," a limited series which picks up where the last two film installments left off. She recently appeared in the Sundance dramedy film "Aliens Abducted My Parents and Now I Kinda Feel Left Out."
